CURRENT REPORT NO. 29/2024

Warsaw, 13 August 2024

Update on 2024 Product Roadmap

Further to the information provided in current report No. 28/2024 dated August 2, 2024 regarding the product roadmap, the Management Board of XTB S.A. with its registered office in Warsaw (hereinafter: "XTB", "Company") hereby informs that on August 13, 2024 it decided to revise product priorities within the framework of XTB's adopted strategic objectives by:

- commencing preparatory work on two new products that are strategic from the Company's long-term perspective;
- in connection with the above, freezing the project of implementing bonds to the XTB offer (the Company leaves an open path to adding this product in the future in the event of a possible revision of business goals);
- maintaining the 2024 product plan in the remaining scope, i.e. the implementation of pension products (IKE in Poland, ISA in the UK) and a virtual wallet with a multi-currency card.

At the same time, XTB plans to further enrich its product offering in 2025 and in subsequent years, which the Company will inform about in the future.

In the opinion of the Management Board of XTB, the updated product plan better aligns with the long-term business objectives of building a global brand, reaching the mass clients and building a leading All-in-One investment application in Europe.
